PADMASHREE
COLLEGE OF NURSING
SCHOOL OF NURSING

Living in Bangalore is one of the finest experience and the credit goes to the receptive and hospitable culture of the people here. As the name goes Bangalore has lots of parks and public gardens which dot the city and makes it the city with the finest climates. The Padmashree campus is located near Nagarbhavi Circle on the Jnanabharathi Road which leads to Bangalore University. The approximate distance from Bangalore Bus station (Majestic) and from the Central Railway station is 10 Kms. The proximity to the airport is 20 Kms.

Why Nursing?

Nursing involves the care of people throughout the continuum of life and provides an essential service to humankind. As career professionals, nurses improve the quality of health care delivery. There are many positive aspects of being a nurse. There is nothing more rewarding than a patient giving thanks and telling you how much you have helped them. Also, there are so many opportunities and career paths that are available for Nurses. Nursing offers opportunities from bedside practice to the president or top administrator of a healthcare organization. Clinical specialist, nurse practitioner, nurse administrator and nurse educator are just a few examples of the variety of opportunities awaiting you in a nursing career. Nurses are also appointed and elected to influential government positions. If you choose nursing, you will discover a career filled with personal and professional rewards. There will be even more opportunities in the future, as the entire health care system transforms because of new technology, changing population demographics and many other factors. The rise in health care needs, combined with a dwindling supply of nurses and an aging nurse population (the average age is 44), is putting the Nurses in the driver's seat when it comes to the job hunt.

Co Curricular Activities

- Annual Sports and Cultural extravaganza unveils the nurturing talents among Students on talent's day.
- Participation in Annual Conferences & CME programs by the graduates and post graduate Students provide them with wide exposure.
- Computer training, Speaking English courses and personality development programmes are conducted in the campus so as to gear students to work efficiently in their respective fields.

Library

- The Library of the institute has its unique distinction of having over 10,000 volumes comprising of various medical and general books of foreign and Indian authors, reference books, journals etc.
- The library is open from 9am to 11 pm daily and is functional till 1 am during the exams. It is maintained in serene atmosphere to disseminate the knowledge to students.

Digital Library

- The Student library boasts of a digital library and Internet broadband connectivity. The library has a collaboration with the Rajiv Gandhi University of Health Sciences, Bangalore for the information retrieval system, which is in turn connected with, reputed libraries in the country and various university libraries abroad.
- The library has adopted open access system to facilitate students to have easy access to the vast resources.
- The library holds the subscription to various national and international journals, periodicals etc

MOTIVATION

The serene atmosphere in the Padmashree Campus is a source of motivation for the students to excel in academics as well as co-curricular activities

Scholarships

The Padmashree Charitable Trust awards Merit Scholarships to meritorious students scoring distinction in university exams.

Hall of Residence

The College has Hostel facilities separately for Men and Women. It shall be the duty of every resident to maintain integrity of character and follow high traditions of discipline set by the college. All residents are expected to return to the hostel by the stipulated time in the evening. Violation of the rules will invite heavy monetary fines and if repeated may entail removal from the hostel. Smoking, drinking alcoholic beverages, dealing and consuming prohibited drugs, immoral conduct entertaining unauthorized guests and disturbing other inmates are punishable as violation of hostel discipline. Damage to the property of the college will be severely dealt with and the cost of the repair will be recovered from the student.

Ragging other students is totally prohibited and any attempt to do so will invite summary expulsion from the hostel and even from the Institute. Those students found indulging in such activities will be dealt as per the anti ragging laws laid down by the Government.

The hostel boasts of a hygienic modern kitchen which caters to the needs of the hostel inmates. The hostel has a telephone facility for the benefit of the parents who would like to talk to their wards.

The Director shall initiate disciplinary proceedings for violation of Hostel Rules and is authorised to impose appropriate punishment.

About Padmashree....

Padmashree Charitable Trust was formed in the year 1994 by the coming together of professionals in different fields to espouse a noble cause of providing quality education. Today Padmashree group of institutions have become a name synonymous with quality education and has five Colleges under its umbrella. The associate colleges offer varied courses from Physiotherapy, Nursing, Medical Lab Technology, Hospital Administration, Computer Applications, Biotechnology, Microbiology, Genetics and Biochemistry comprising of Bachelors and Masters courses.

Four good reasons for studying nursing at Padmashree:

1. Education :

The college has a highly appreciated teaching facility, who believes that good education is the root of a highly successful professional career. The college conducts regular examinations; so that the students have a feedback and can work harder to get better. The teaching methods adopted promote multi disciplinary inquiry and practical applications of problems. Interactive methods of teaching are employed so that there is a high degree of interaction between the students and the teacher in the classroom.

2. Environment :

The college is situated in a serene atmosphere, surrounded by various top institutions such as the National Law School, Bangalore University sharing with them the feeling of being "So far yet so near" to the hustle and bustle of Bangalore a true metropolis, making the location ideal for

academic pursuits. The college has well established library with digital facilities so that each student can work up to their maximum potential.

3. Excellence in Professional Field:

The college is run by the Padmashree Charitable Trust. The entire trust structure consists of people of who are having experience in diverse professional fields such as medicine, etc; it is this professional excellence that has made the college and students to realize their excellence in various professional fields.

4. Ethical Values

We at Padmashree strongly believe that the student to be successful, not only needs good education and professional practical experience, but also good ethical values to reach out to the society and serve, we at Padmashree groom our students in building such values, after which these students blend well with the society thus bringing fame to themselves and the institution they studied in.

COMMITMENT

Padmashree is committed to provide high quality teaching and learning for its students. It is ensured that the courses are upto current professional and educational standards.

Bachelors in Science Nursing

A 4-year program offered at Padmashree College of Nursing, affiliated to Rajiv Gandhi University of Health Sciences, that prepare the student to practice across all health care settings. The course of study combines the theory and the practice of nursing, with general education in the humanities and behavioral, biological, and physical sciences. These serve as a core for the development of the nursing major. The BSN program offers students experience in major settings where health care is delivered. As a BSN graduate, you have the greatest opportunity for advancement. A BSN is required for entry into a Master's Degree in nursing program that prepares you for leadership, management and more independent roles, such as clinical nurse specialist, nurse practitioner, educator and researcher. A BSN is preferred and often required for military nursing, case management, public health nursing, overseas/development nursing, forensic nursing and school nursing.
